

## CONTENTS

	<u>Page</u>
Preface - Paths from coal to synthetic fuels	
<u>Chapter</u>	
1. Introduction.....	1
2. Summary of research on synthetic liquid fuels from coal.....	13
3. Gasification of coal.....	25
4. Underground gasification.....	57
5. Gas purification.....	77
6. Hydrogenation of coal.....	99
7. The Fischer-Tropsch synthesis.....	149
8. Tabular data and economic estimates.....	199
<u>Appendix</u>	
I Glossary.....	217
II Index to annual reports on coal-to-oil research under the synthetic liquid fuels program.....	225
III Bibliography of publications under the synthetic liquid fuels program.....	253
