TABLE OF CONTENTS

CHA	APTER	PAGE
	Abstract	ii
	Executive Summary	хi
1	Introduction	1
	1.1 Project Objectives	2
	1.2 Project Tasks	2
	1.3 GTL Transportation Issues	5
2	GTL Process Review	7
	2.1 Synthesis Gas Production	7
	2.1.1 Non-Catalytic Partial Oxidation Of Natural Gas	8
	2.1.2 Steam Reforming	8
	2.1.3 Autothermal Reforming	8
	2.1.4 Process Evaluation	9
	2.2 Fischer Tropsch Synthesis	9
	2.2.1 FT Synthesis In Fixed Bed Reactors	10
	2.2.2 Fluidized Bed FT Reactors	10
	2.2.3 Slurry Bed Reactors	11
	2.3 Range Of Products	13
	2.3.1 The Fischer Tropsch Process	13
	2.3.2 Type Of Reactors	16
	2.3.3 Catalyst	17
	2.3.4 Pressure	19
	2.3.5 Temperature	19
	2.3.6 H ₂ /CO Ratio	19
	2.3.7 Space Velocity	19
	2.4 FT Products Refining And Upgrading	20
	2.5 Summary	22
